ALL'S "PUMMEL" SEES RE-ISSUE ON PORTERHOUSE RECORDS 12" 180 G VINYL ARRIVES APRIL 7, 2017

"Pummel" was the only record released by All in a short-lived recording agreement with Interscope Records. The 1995 full-length wasn't a big priority at the label and the record never got it's due, inexpicably being swept over by both press and fans.

However, history now shows that "Pummel" contains some of the strongest power pop songs the band has ever written. After leading off with "Self-Righteous" in a buck thirty eight, Bill, Chad, Karl and Stephen deal out snappy pop gems like "Breaking Up," "Miranda," and "Million Bucks," they get moody on "Long Distance," "Black Sky" and "This World" and they bring the laughs with "Uncle Critic," and "On Foot."

The re-issue of this great punk record is long overdue and it's going to connect with All and Decendents fans both new and old. Porterhouse Records is pleased to present it's fifteen re-mastered tracks lovingly pressed on 12" 180 Black Vinyl.

Produced by: Bill Stevenson and Stephen Egerton
