**PERSONALITY CRISIS "CREATURES FOR AWHILE"
CANADIAN PUNK CLASSIC COMES HOME TO PORTERHOUSE
12" VINYL PRE-SALES ON NOW - STREET DATE: JUNE 18, 2021**

Personality Crisis of Winnipeg left us but one full-length LP and it has certainly stood the test of time. Now regarded as a Canadian punk rock classic, the record was initially released via San Francisco based Risky Records in 1983.

There have been a couple of sporadic "re-issues" created over the years but Porterhouse is doing one better. 'Creatures for Awhile' will become part of the Porterhouse catalog and kept in print full-time. We're starting things off with a craft batch of 250 pieces pressed on audiophile black vinyl, with all original artwork.

Additionally, the album will make its worldwide digital debut, finally becoming available at Apple Music and Spotify. Porterhouse will be creating new vinyl variants in the future and we're planning something special for the record's 40th Anniversary in 2023 as well.

The Porterhouse Records 'Creatures For Awhile Re-Issue is available for Pre-Order now. Street date is June 18, 2021.
