## SC.U.M. "BORN TOO SOON..." LIMITED 12" PINK VINYL INCLUDED DOWNLOAD CONTAINS THREE UN-RELEASED TRACKS LP AND WORLDWIDE DIGITAL - ARRIVING NOW!!!

Porterhouse is thrilled to announce our re-issue of the long play recording "Born Too Soon..." from Montreal, Canada hardcore punk rockers S.C.U.M.. The band and producer have worked together to create a completely re-mastering full-length that leans heavier on grit and edge than the original. Included inside the package is a download code that unlocks **three never released 1983 demo recordings**.

Additionally, the band will be releasing **videos** for the tracks "Pool Hunt" and "So M.U.C.H Hate" to support the record. Sc.u.m.'s unique style was born of the multi-lingual and multi-racial composition of its members and their shared outrage at the state of the world. The subject matter of "Born Too Soon..." encompasses every punk take of the era, from the nihilism of "Exit Death" to the skate thrash anthem "Pool Hunt," the LP is certainly on firm anti-Reagan ground. But the musicianship, performances and production set this record apart.

We have re-created the LP's artwork dead-on for this package, A completely new insert containing revised copy and lyrics is sprinkled with photos. This package on pink opaque 12" vinyl is **limited to 500 copies** only. "Born Too Soon..." also makes its worldwide digital debut, now available at Apple Music, Spotify and all the other usual suspects.
